GRANTS AND HONORS

EXTERNAL FUNDING

1. Co-I. 07/2022-06/2027. Mother-Child Ties and Mother's Well-Being as Children Transition to Adulthood. National Institutes of Health. \$1,012,834 [recommended for funding].
Examine changing mother-child ties as children transition to adulthood in Mozambique, with particular attention to the role of increased rural-urban migration.
2. Co-I. 04/2021-04/2024. Remote Sensing for Forest Renewal, Ecosystem Services, and Sustainable Hydrological Management (REFRESH). USAID. \$1,384,098 (total award).
Jointly develop integrated physical-social science framework to model the coupled relationship between eco-systems and human well-being and develop a framework for forest conservation and hydrological management in India.
3. PI. 05/2021-04/2022. The Gender Pay Gap in Economics: A Deeper Look at Institutional Factors in Academia. EOS Foundation. \$5,000.
Employed several undergraduate research assistants to collect data on faculty salaries at large public universities.
4. Co-PI. Developing faculty leadership teams to implement inclusive and intentional mentoring programs at 1862 and 1890 Land Grant institutions. USDA-NIFA. \$15,000.
Jointly designed and implemented pilot program on culturally responsive mentoring for doctoral students and advisors in colleges of agriculture.
5. PI. 01/2020-12/2021. Reducing impact of student bias on feedback surveys: A pilot study. Bluenotes Group. \$10,000.
Jointly designed and implemented pilot study testing introductory scripts on implicit bias during administration of student evaluations of instruction.
6. PI. 09/2016-08/2018. Migration and Climate Change: Environmental Vulnerability and Location Choice in Bangladesh. International Growth Center. £83,000.
Design and implement survey for collection of high frequency data on migration via mobile phones.
7. Co-I. 01/2015-07/2015. Building Community Climate Resilience in Coastal Bangladesh: Stage One. Global Resilience Partnership. PI: Craig Jenkins. \$200,000 (total award).
Jointly organized collaborative planning workshop in Dhaka, Bangladesh focused on coastal vulnerability and water resource management.
8. Co-PI. 06/2014-06/2018. Infrastructure, Mis-Allocation and Economic Growth in Bangladesh. International Growth Centre. PI: Mark M. Pitt. £50,000 (total award).
Design survey questionnaires, sampling frame, and enumerator training materials for fifth wave of Nutrition Survey of Rural Bangladesh.
9. Co-I. 09/2013-09/2017. Bangladesh Delta: Assessment of the Causes of Sea-Level Rise Hazards and Integrated Development of Predictive Modeling Towards Mitigation and Adaptation (BAND-AID). National Science Foundation via Belmont Forum. PI: C.K. Shum. \$600,000 (total award).
Estimate the causal effect of environmental factors on internal migration from coastal communities and project future vulnerability to sea-level rise in Bangladesh.

INTERNAL FUNDING

1. PI. 01/2021-01/2022. Continuing Engagement and Collaboration of 1994, 1890, 1862, Federal and Private Sector Institutions: Building the Pipeline from Undergraduate to Graduate Training. AAEA Trust. \$33,000.
Jointly designed and implemented pilot program on culturally responsive mentoring for doctoral students and advisors in colleges of agriculture.
2. PI. 07/2019-06/2020. Sea-Level Rise, Climate Migration, and Conflict in Coastal Bangladesh. Mershon Center. \$35,062.
Identify causal relationships between sea-level rise, climate migration, and both internal and cross-border conflict in coastal Bangladesh.

INTERNAL FUNDING (CONT.)

3. PI. 07/2018-06/2019. Addressing the Gender Pay Gap at OSU and Beyond. Coca-Cola Critical Difference Faculty Grant. \$5000.
Employed several undergraduate research assistants to collect data on faculty salaries at large public universities.
4. Co-PI. 09/2017-09/2019. Managing Disaster Risk: Launching Micro Insurance in Bangladesh. Mershon Center. PI: C.K. Shum. \$26,737 (total award).
Survey and conjoint analysis to assess feasibility of various micro-insurance instruments.
5. Co-PI. 09/2016-09/2018. Pilot Study on International Security: Disaster Refugees and Flood Early Warning in Bangladesh. Mershon Center. PI: Craig Jenkins. \$20,000 (total award).
Design survey to evaluate efficacy of new flood early warning system.
6. PI. 06/2016-06/2018. Migration and Climate Change: Environmental Vulnerability and Location Choice in Bangladesh. Sustainable and Resilient Economy Program. \$30,000.
Design and implement survey for collection of high frequency data on migration via mobile phones.
7. PI. 06/2016-06/2018. Migration and Climate Change: Environmental Vulnerability and Location Choice in Bangladesh. Initiative in Population Research. \$45,000.
Design and implement survey for collection of high frequency data on migration via mobile phones.
8. Co-PI. 09/2014-09/2015. Yangtze Delta Coastal Vulnerability: Towards an Integrated Social and Natural Science Framework for Urban Sustainability (YANG-SOS). Discovery Themes Global Gateways. PI: C.K. Shum. \$25,000 (total award).
Jointly organized collaborative workshop for understanding the complex interactions between environmental and anthropogenic aspects of climate change in the Yangtze River Delta.
9. PI. 06/2007-06/2009. Causal Effect of Temporary Migration on Sending Households and Migrants. Population and Health Targeted Investment in Excellence Initiative. \$30,000.
Design survey questionnaires for temporary migrants in Nutrition Survey of Rural Bangladesh.
10. PI. 06/2007-06/2009. Migration and Social Networks. Initiative in Population Research. \$5000.
Design survey questionnaires for temporary migrants in Nutrition Survey of Rural Bangladesh.

SERVICE NARRATIVE

Since receiving tenure, my service activities have focused on diversity, equity, and inclusion. I am motivated by the recognition that the voices that we do not get to hear limit the breadth and depth of our work, not only our individual research and teaching but our ability to engage with students, stakeholders and the broader community. Having the opportunity to link my DEI work across different levels has allowed me to see how initiatives can be aligned and to identify where we have gaps that can or should be filled. My aim is to identify policies and processes that can be changed to create environments that not only value but actively promote diversity, equity, and inclusion.

As Chair of CWAE during the COVID-19 pandemic, we were forced to pivot on much of our planned activities. All CWAE activities for the 2020 AAEA Annual Meeting were shifted to a fully virtual format. This created a fantastic opportunity to expand our reach and engagement and include those who often cannot attend the conference and/or session in person. It also highlighted the many unique challenges women and men of color still face, as discussed in our two most highly attended track sessions (available [here](#) and [here](#)). Additionally, we offered a [panel](#) for job market candidates and recent graduates, as well as a [webinar](#) on pursuing professional awards.

As Chair, I led the CWAE leadership team in working with the Committee on the Status of Blacks in Agricultural Economics (COSBAE), the AAEA Executive Board and Trust to secure funding for a new program aimed at mentoring undergraduate students from historically under-represented minorities to Ph.D. programs in agricultural and applied economics, called "[Building the Pipeline](#)." Additionally, we secured funding for a second round of the AAEA Climate Survey. Finally, we initiated the first-ever provision of childcare subsidies for 2021 Annual Meeting attendees (virtual or in-person), with a commitment for on-site childcare in 2022. CWAE sub-committees established during my term as Chair also achieved the following, with tremendous time and effort from sub-committee chairs and section members: (1) successful nomination of Jutta Roosen for AAEA Fellow; (2) creation of two new awards focused on diversity, equity, and inclusion, to be awarded at the 2021 Annual Meeting.

At the College level, I am jointly implementing a training program for culturally responsive mentoring, similar to the AAEA Building the Pipeline program, with support from a USDA-NIFA grant and CFAES. At the University level, as chair-elect of the President and Provost's Committee on Women (PPCW) co-sponsored a webinar on caregiving during the pandemic, as well initiating a new five-year plan for gender equity. My service activities have received recognition with appointments to the State of Ohio's Economic Roundtable, University's [Task Force on Racism and Racial Inequalities](#), the College's DEI Action Council and the Council on Food, Agricultural, and Resource Economics ([C-FARE](#)) Board, as well as profiles in the popular press (links available [here](#)).
